

The Tutoring Center

Safety Protocol

In order to continue serving our families in person we must implement new protocol to ensure the safety of our students, team and families.

We appreciate your understanding.

Arrival

Parents should refrain from entering The Tutoring Center unless they have an appointment.

We ask that students remain in their cars until 5-minutes prior to their scheduled session time.

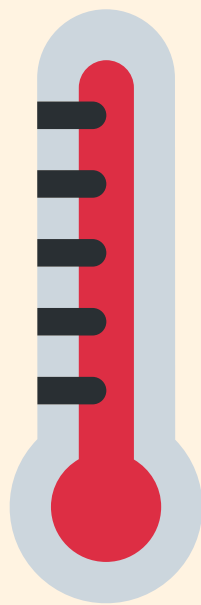

Masks

For the time being, both students and team members will be required to wear masks during tutoring sessions.

Entry Screening

When students and team members arrive at the center, they will complete a COVID health screening, which will include having their temperature checked with a touchless thermometer and answering questions.

Wash Your Hands

We ask all students and team members to wash their hands for 20 seconds or use hand sanitizer upon entry into The Tutoring Center.

Restrooms

We ask that all students use the restroom prior to attending their tutoring session.

Restrooms will be open in case of emergency.

Exit

Sessions will end at 20 minutes after the hour to minimize the exposure between students and to allow time for staff to disinfect between sessions.

BIRMINGHAM ONLY – students will exit out the north side of the building from the door that faces the main Kroger parking lot.

Drinking Fountain

The drinking fountain will be turned off. Students and team members are encouraged to bring their own bottle of water to the center if they wish.
